## Focus and Scope

*The Journal of Plain Anabaptist Communities (JPAC)* is a peer-reviewed journal dedicated to publishing both empirical and theoretical work related to Plain Anabaptist communities, including, among others, the Amish, conservative Mennonites, Amish-Mennonites, Apostolic Christians, Brethren, Bruderhof, and Hutterites. *JPAC* articles may include emerging issues associated with Plain Anabaptist communities, diverse theoretical perspectives, and methodological approaches to the study of Plain Anabaptist groups, and significant research findings about Plain Anabaptist populations. *JPAC* is a jointly sponsored journal of the Young Center for Anabaptist and Pietist Studies, Elizabethtown College, Elizabethtown, Pennsylvania, the Amish & Mennonite Information Center, Berlin, Ohio, and The Ohio State University Libraries.

*JPAC*'s predecessor at OSU was the *Journal of Amish and Plain Anabaptist Studies (JAPAS)*. Articles from volumes 1–6 of *JAPAS* can still be accessed, free of charge, in the Knowledge Bank of the OSU Libraries: <https://kb.osu.edu/handle/1811/54888>.

## Content

*JPAC* publishes *full-length articles* focused on theory and research about Plain Anabaptist communities, generally in the range of 6,000–12,000 words inclusive of references, tables, figures, and appendices. *Shorter-length articles* of 3,000–6,000 words are generally narrower in focus or report preliminary research findings and emergent theoretical discussions about Plain Anabaptist communities. *Reviews* of a single book or scholarly work are 1,000–3,000 words in length. Reviews of multiple works range between 3,000–7,000 words. Other forms of scholarship also may be published in the *Journal of Plain Anabaptist Communities*. However, authors should consult with the editors in advance to ascertain the appropriateness of a submission other than an article or a review.
